Orthopedic Bonded Collection

Orthomed Spine Care

These mattresses are often recommended by doctors for individuals with back pain or spinal issues. They help maintain proper spinal alignment and reduce pressure points, which can alleviate pain and discomfort.

Rebonded Foam

This type of foam is known for its durability and firmness, providing excellent support for the spine.

Firmness

Typically, these mattresses have a medium to firm feel, which is ideal for supporting the natural curve of the spine.

Breathability

Orthomed mattresses are designed with breathable materials to ensure good air circulation, keeping the mattress cool and comfortable throughout the night.
